## **POLICY SERIES 500 - STUDENT PERSONNEL**

### **503 STUDENT TRANSPORTATION**

#### **503.1 Transportation Conduct**

The Board of Education, School District No. 48 (Sea to Sky) recognizes its responsibility to ensure that students have a safe and positive environment when they are being transported either to or from school or when they are participating in a field trip.

Therefore the Board expects all students to comply with the District and School Codes of Conduct and to have every consideration for the safety of the driver and other passengers while travelling on a district school bus or any other means of transportation approved by the school.

As provision of transportation is an option, the Board considers that bus transportation of students is a privilege. Students who abuse this privilege may have their right to ride the bus suspended or revoked.

The Regulation accompanying this Policy provides more direction on student transportation and appropriate conduct. The Administrative Procedure provides a list of the Regulations for Conduct on School Buses and a Student Behaviour Report form.
