The Board of Education, School District No. 48 (Sea to Sky), supports the offering of Francophone Education programs in the school district under the jurisdiction of the Francophone Education Authority. This program support is recognized in Policy No. 602.5 Francophone Programs.

However, the Board wishes to ensure that the full cost of offering such programs is borne by the Francophone Education Authority. It is expected that contractual arrangements with the Authority will reflect the true cost of the programs.
