

SCHOOL DISTRICT NO. 48 (SEA TO SKY)

POLICY SERIES 900 - BUILDINGS & SITES

903 SECURITY & SAFETY
903.2 School Security

As the Board of Education, School District No. 48 (Sea to Sky), is charged with the responsibility for the custody of all school property of the school district and provides for its safekeeping and as the Board takes this responsibility seriously, the Regulation accompanying this policy provides rules to be followed by everyone who uses the district facilities after school hours.

Further, the Board supports the need for teacher access to their assigned school for the purpose of marking, the preparation of lessons or participation in the school's extra-curricular programs. In recognizing this support, the Board also recognizes the necessity for school security to minimize the risk of unlawful entry and/or the theft of district equipment.
