

The Board of Education, School District No. 48 (Sea to Sky), strives to promote and safeguard, through all reasonable means, the physical, emotional and mental health of school district employees.

The Board is committed to providing healthy smoke-free learning and working environments for all employees.

The Board is also committed to providing the same smoke-free environment for students. Policy and Regulation No. 504.7, Smoking Prohibition, provide direction on the smoking prohibition for students.

The Regulation accompanying this policy provides the specific expectations regarding the smoking prohibition by employees.

Adopted: January 1990
